Financial Wellness

Goal Setting

Based on your reflections from page 2, make a list of financial goals that are attainable and realistic. Think about making small goals that you know you can achieve and work from there.

What I can do RIGHT NOW:

What I hope to do IN THE FUTURE:

Things I would like HELP with:
Financial wellness involves learning how to manage expenses. Wellness in this area also means considering spending and saving habits.

JOURNAL PROMPTS

Use the following questions as prompts for further exploration. Write your thoughts in a journal.

1. Are there times you see yourself spending based on your emotions?
2. How can you prevent behaviors that can cause excessive spending?
3. If you live with bipolar and have experienced mania or hypomania, have symptoms ever affected your spending?
4. If you live with depression, do you ever find yourself spending money to self-soothe? What are some things you have bought that you later realized you didn’t need?
5. If you have experienced a time with excessive spending, what did you do to recover from that time period?
6. Review your bank statements. What are some things you spend money on that you could cut out?
7. If you were to win or come into a lot of money, what would you do with it?
8. Create your ideal budget. What would you spend more or less on and why?
