Feeling confident is feeling sure that things are going well. When we feel confident, we feel good about ourselves.

Times we might feel confident:

- When we get a good grade on our homework
- When friends tell us we have done a good job
- When we feel proud of an accomplishment

When we feel confident, our body might feel like:

- We are standing up straight and tall
- We are ready to speak up and say what we think
- We have more energy than normal
